To Whom It May Concern:

RE: Ohan Korlikian's Sunbeam Canada Fundraiser

On any given day, more than 400 sick and injured children visit BC Children's Hospital and Sunny Hill Health Centre for Children. While each child's needs are unique, their journey is much the same – along with their families, there are all in the search of hope. Last year, BC Children's Hospital and Sunny Hill Health Centre had more than 150,000 patient visits from children ranging in age from birth to sixteen years of age. It is the only pediatric hospital in our province for critically ill and injured children and the only pediatric teaching hospital in BC, providing highly specialized training to our medical professionals.

I write this letter on behalf of Ohan Korlikian, organizer of Sunbeam Canada fundraising, leading up to the 2009 Targa Newfoundland tarmac rally. 100% of net proceeds raised from the event will benefit BC Children's Hospital Foundation. Donors, and organizers of events such as this are making a difference in the lives of BC kids.
